

Claims Procedure Guide

How to file a claim, the documents needed, timelines, status meanings and what voids a claim.

This is a fictional specimen policy wording created solely for a software demonstration. It is not a real insurance contract and confers no cover.

1. Immediately After an Incident

- Make sure everyone is safe and call emergency services if anyone is injured.
- Do not admit fault or agree to pay for anything at the scene.
- Take photographs of all vehicles, the damage, the location, and any road signs or signals.
- Exchange names, contact details, vehicle registrations and insurance details with any other party.
- Note the date, time, weather and a brief description of what happened.

2. How to File a Claim

You can start a claim in any of these ways. The fastest is through the policyholder assistant, which can file the claim for You once You confirm the details.

- Ask the policyholder assistant to file a claim and provide the incident date, type and a short description.
- Use Our mobile app or customer portal.
- Call the 24-hour claims line shown on Your schedule.

When You file, have Your policy number ready (for example POL-AUTO-100001). We will create a claim reference (format CLM-YYYY-NNNN) that You can quote to check progress at any time.

3. Documents Required

- Your policy number and the driver's licence of the person driving at the time.
- Photographs of the damage and, where relevant, the scene.
- A police report reference for theft, malicious damage, or any incident involving injury.
- Repair estimate(s) from an approved repairer where available.
- For theft: the vehicle keys and any tracking/immobiliser details.

4. Timelines

- Notify Us as soon as reasonably possible, and within 30 days of the incident at the latest.
- Acknowledgement of a new claim: within 1 business day.
- Assessment / surveyor allocation for own-damage claims: within 3 business days.
 - Settlement of a straightforward, fully-documented claim: typically within 10 business days of approval.
- Theft claims are held for a mandatory investigation period (commonly up to 30 days) before settlement.

5. Claim Status Meanings

- Submitted: We have received Your claim and created a reference.
- Under Review: We are assessing liability, documents and the repair estimate.
- Approved: The claim is accepted; repair or payment is being arranged.
- Settled: Payment has been made or repairs completed.
- Rejected: The claim falls outside cover; We will explain why in writing.

6. What Can Void or Reduce a Claim

- Giving false or incomplete information, or staging or exaggerating a loss.
- Driving without a valid licence or while under the influence of alcohol or drugs.
- Using the vehicle outside the Use Class shown in the schedule.
- Knowingly driving through flood water (see the flood exclusion).
- Failing to notify Us within the required time or not cooperating with the assessment.
- Carrying out repairs before We have assessed the damage, without Our agreement.

7. The Excess You Pay

When a claim is settled You pay the excess shown in Your schedule and We pay the balance up to the covered limit. Glass-only claims attract the lower Windshield excess and do not affect Your No-Claim Discount. If You disagree with a decision You may ask for it to be reviewed through Our complaints process.
