

Auto Endorsements and Add-Ons

Optional extensions: roadside assistance, windshield, hire car, zero depreciation and more.

This is a fictional specimen policy wording created solely for a software demonstration. It is not a real insurance contract and confers no cover.

About Endorsements

Endorsements (add-ons) extend or vary the base policy. An endorsement applies only when it is listed in Your schedule and the additional premium has been paid. Where an endorsement conflicts with the base wording, the endorsement prevails for the matter it covers.

1. Roadside Assistance

Provides 24-hour emergency help if the Insured Vehicle becomes immobilised by breakdown, flat battery, flat tyre, lost keys, or running out of fuel.

- Roadside repair at the scene where possible.
- Recovery and towing to the nearest approved repairer if repair at the scene is not possible.
- Onward travel or overnight accommodation assistance after a covered breakdown away from home.
- Using Roadside Assistance does NOT count as a claim and does not affect Your No-Claim Discount.

2. Windshield / Glass Cover

Enhances the base glass cover. Repair of a chip is provided with no excess when carried out by an approved repairer; full glass replacement is subject to the reduced Windshield excess shown in Your schedule. Glass-only claims never affect Your No-Claim Discount.

3. Hire Car (Courtesy Car)

If the Insured Vehicle cannot be driven following a covered claim, or is being repaired by an approved repairer, We will provide a hire car of a similar class.

- Provided for up to the number of days shown in Your schedule (commonly up to 14 days).
- Available only following a valid, covered own-damage, fire or theft claim.
- Not available for routine servicing, mechanical breakdown, or glass-only repairs.
- Fuel, tolls and any additional driver charges on the hire car are Your responsibility.

4. Zero Depreciation (Bumper-to-Bumper)

At the time of a covered own-damage claim We normally deduct depreciation on replaced parts such as plastic, rubber and fibre-glass components. With the Zero Depreciation endorsement We waive that depreciation deduction, so You receive the full cost of replacement parts, subject to Your excess.

- Typically available for vehicles up to five model years old.
- A limited number of Zero Depreciation claims may be made per period of insurance, as stated in the schedule.
- Consumables and normal wear-and-tear items remain excluded.

5. NCD Protection

Allows up to two claims in any three-year period without reducing Your No-Claim Discount. It protects the discount only; the base premium may still change at renewal. Glass-only claims, roadside assistance and claims fully recovered from an at-fault third party are never counted.

6. Natural Catastrophe (Flood and Storm)

Extends Own Damage cover to include loss or damage caused by flood, storm, hurricane, hailstorm and water ingress from an unavoidable natural event. This endorsement does NOT cover damage where the vehicle was knowingly driven through flood water, which remains excluded under all covers.

7. Personal Belongings

Covers accidental loss of or damage to personal effects in the Insured Vehicle following a covered incident, up to the modest limit shown in Your schedule. Money, documents, and electronic equipment used for business are excluded.
